Hopalong Packs 'Em In

Streets Jammed For Chest Parade

YOUNGSTERS ALONG THE PARADE ROUTE got many a personal greeting from Hoppy. He stopped his famous horse, Topper, many times for words with the small fry, (and some not so small too) as he did here on Court St.

JEFFERSONVILLE HIGH SCHOOL'S marching band was one of nine music units, representing eight different communities, that helped Hoppy honor the Community Chest program.

No rock 'n' roll hero, no baseball star, no political idol, could have asked for a more enthusiastic reception than His Eminence, Mr. Hopalong Cassidy, king of the TV western, received in Washington C. H. Monday night.

Ostensibly, the 15,000 men, women and children who jammed the downtown streets were out to watch a Community Chest parade. And watch it they did, attentively and well.

But there was no question about their real interest. From the moment the movie and TV star hove into view, from the moment the first small child shouted "It's

Hoppy!" he was the center of a shouting, cheering throng.

They loved him, and they showed him they did. A deafening roar broke out whenever he came in on his white charger, all along the parade route. Children shouted "Hiya, Hoppy!" "Great to see you, Hoppy!" "Hey, Hoppy, how's your horse?" and myriad other affectionate, almost reverent expressions. Hundreds of them even crowded onto the parade route and followed him on his rounds.

And HOPPY took it all in the best grace. "Hi... Hi... Hi...!" he intoned warmly, waving his hand, as rode all along the parade route. He wisecracked with them, answered their questions and, if an enthusiastic child managed to reach in close, he would grasp the hand for a brief, thrilling moment.

Even at the end of the line, when Hoppy climbed off his horse to go home, they stayed with him. "Hey Hoppy, why can't you stay?" one child cried.

"Got to get back to the ranch, kids!" he said. So speaking, he climbed into a waiting auto and started to ride away. The youngsters followed him, breathlessly running, all the way down the block.

Enthusiastic over the success of the parade, Community Chest President Russell Hinchee said Tuesday he was "tickled to death."

"I think it will give us the send-off we need to reach our \$23,500 goal," he said, adding: "I couldn't be happier."

Perse Harlow, executive secretary of the Chest, expressed similar enthusiasm over the way in which the massive, complicated parade was executed. "Everything went very smoothly," he said, commenting "that's a real credit to all the people who took part."

"Hoppy was satisfied, too," Ed Moser, operator of the Med-O-Pure Dairy, 1024 Leesburg Ave., which brought Hoppy to town said. "Everything went very easily for him," Moser added.

ABOUT 800 people took part in the parade—most of them children. There were 19 floats, nine bands, eight marching units and three police cruisers, representing three different law enforcement agencies. The job of getting them coordinated was massively complex, but it went off with surprising smoothness.

IN A MINORITY report of the Citizens Committee submitted to the state board on Sept. 9 a request was made that the board conduct an investigation of the organizational and transfer problems of the school districts of Fayette County, and it was alleged at that time that "all attempts to

Jim Hoffa Pleads Innocent to Rap Of Wiretapping

NEW YORK (AP)—James R. Hoffa, Teamsters Union leader, pleaded innocent in District Court today to five counts of perjury involving a federal grand jury investigating of wiretapping in his Detroit headquarters.

A previous \$2,500 bail bond, covering his release in a wiretap conspiracy case, was rewritten to cover the perjury indictment.

During the hearing, Hoffa's attorney accused the Senate Rackets Investigating Committee of "doing what it can to destroy Hoffa and prevent him from getting a fair trial."

Atty. Sol Gelb argued heatedly for a long postponement of the trial of both cases. He waved newspaper clippings and magazine articles which he claimed painted Hoffa as "public enemy number one," precluding a fair trial in the near future.

Hoffa recently was elected president of the 1,400,000-member International Brotherhood of Teamsters, but has been barred by court order from taking office.

The 44-year-old Detroiter's plans to take over the scandal-stained Teamsters Union today were upset Monday by U.S. District Court in Washington.

Federal Judge F. Dickinson Letts issued a temporary restraining order that barred Hoffa and others elected with him Oct. 4 at the union's Miami Beach convention from taking office.

THE TERM of Dave Beck, incumbent president, runs to Dec. 1. Beck had agreed, however, to step aside to give Hoffa an earlier start in directing the union.

On his arrival here Monday, Hoffa said it appeared that he would have to defer his plan to take over the Teamsters immediately. He said Beck would stay on the legal issues.

Last Sept. 25, Hoffa was indicted on five counts of perjury. He was charged with lying to a federal rackets grand jury investigating the use of wiretaps in his Detroit union headquarters.

Last May 14, the same grand jury had indicted Hoffa, Bernard B. Spindel, professional wiretapper, and Owen Bert Brennan, president of Detroit Local 337, on charges of conspiracy to use illegal wiretaps.

Hoffa has asked that the wiretapping trial be postponed indefinitely on the ground that adverse public opinion would prevent a fair trial now.

He appeared before the rackets grand jury last April 3. He assertedly lied in answering five questions concerning the first time he had heard of Spindel and his first meeting with him.

When Hoffa appeared before the grand jury, the panel was conducting an investigation into possible violations of wiretapping, racketeering, obstruction of justice and conspiracy.

IN ITS WIRETAP indictment the grand jury said Hoffa supposedly hired Spindel to tap telephones in the union's Detroit headquarters so the union boss could keep tabs on his underlings.

If found guilty of perjury, Hoffa could receive a maximum sentence of five years and fines of \$2,000 on each of the five counts.

If found guilty of the wiretap charge, he could receive a maximum sentence of one year and a \$10,000 fine.

120 Watermelons Help Girl Fight Kidney Disease

CAMERON, W. Va. (AP)—Little Jean Roxby, seriously ill with a kidney disease, has 120 watermelons separating her from death.

The 6-year-old child must eat a preparation made of watermelon twice daily to keep alive.

Mrs. Marjorie Roxby, mother of the sick child, said she has 120 watermelons stored in the basements where several methods of preserving the melons are being tried.

The inclusion of watermelon in the child's diet was recommended by the family physician, Dr. Warren D. Leslie. He said that it serves as a medicine, bringing relief and maintaining life, in cases of nephrosis of the kidneys, the rare disease from which little Jean is suffering.

Dr. Leslie said that children may outgrow the disease if given the proper diet.

Hungarian Refugee Accused in Slaying

CLEVELAND (AP)—Police searched northeastern Ohio today for 35-year-old James Milak, charged with murdering an Akron couple because of jealousy.

A warrant was issued Monday night in Ravenna, charging the Hungarian refugee with slaying Steve Mikulak, 35, and his bride of four days, Lillie, 43. Missing since Oct. 2, the same day Milak disappeared from his Akron home, the couple was found shot to death Saturday near Ravenna.

KANSAS CITY (AP)—Delegates of the annual convention of the Future Farmers of America were looking forward today to announcements of awards for outstanding achievement, hoping to gain some recognition for their work in the past year.

The 30th annual convention honored 126 local chapters during its awards program.

A gold emblem, the organization's top rating, went to 68 chapters, silver emblems to 43 chapters and the bronze emblem to 15.

Winning Ohio chapters:

Fairfield chapter, Leesburg,

gold; Hardin Northern chapter,

Dola, silver; Jeromesville, silver.

Jim Hoffa Pleads Innocent to Rap Of Wiretapping

NEW YORK (AP) — James R. Hoffa, Teamsters Union leader, pleaded innocent in District Court today to five counts of perjury involving a federal grand jury investigation of wiretapping in his Detroit headquarters.

The 44-year-old Detroiters plans to take over, the scandal-stained Teamsters Union today were upset Monday by U.S. District Court in Washington.

Neither the White House nor the scientists would disclose just what was said.

Dr. Isador Rab, chairman of the committee, told reporters: "Anything you want you will have to get from the President's office." And White House press secretary James C. Hagerty told them they would get nothing.

More talkative than the scientific conferees was Sen. Mike Mansfield (D-Mont.) who reported that Pentagon figures show more than \$850 million spent on missile projects that have been canceled.

Mansfield said that Congress voted "every single dime that was asked for research and development" for the fiscal year which began July 1.

The assistant senate Democratic leader denied that the cost data were secret military information even though Pentagon spokesmen said part of the figures had not been released for publication.

THE TERM of Dave Beck, incumbent president, runs to Dec. 1. Beck had agreed, however, to step aside to give Hoffa an earlier start in directing the union.

Strange Force Hitting Sputnik

By THE ASSOCIATED PRESS

U.S. scientists report puzzle over an "unknown force" that apparently is acting on the Russian earth satellite Sputnik, causing variations in its orbit.

Dr. J. Allen Hynek, associate director of the Smithsonian Astro-physical Observatory, said in Cambridge, Mass., that findings concerning the force confirmed reports from the Naval Research Laboratory in Washington.

Hynek said the information was "very puzzling," and added the findings might account for variations in Sputnik's timetable. He said the satellite's orbital plane apparently is turning faster as a result of the force, thus preventing electronic computers from accurately determining the orbit on the basis of normal gravity.

But, he went on, gravity still accounts for 99 per cent of the total force acting on Sputnik.

IT WAS REPORTED Monday that the sphere had resumed its "beep-beep" radio transmissions after emitting a continuous buzz for an extended period.

And a California physicist, C. R. Moe, said at Sunnyvale he had obtained the first definite evidence of what he called coded radio signals from the satellite.

Moe said, "We heard 10 pulses of coding or what appeared to be definite evidence of 'keying' of the transmitter." He said he had been monitoring the satellite's radio signals since Oct. 8.

Russia has not given detailed information on the radio signals.

One Soviet report indicated the transmissions were giving data on temperature variations and changes in the elements encountered in space.

United Fund Drive \$18,718 From Its Goal

20 Percent of \$23,500 Quota Contributed During First Week

With the giant kickoff para d featuring Hopalong Cassidy fading into memory, the Community Chest has 80 per cent of its quota still to collect, in order to meet the \$23,500 budget proposed for next year.

A total of \$4,781.50—or only 20 per cent—had been received by the chest's central office at closing time Monday, Perse Harlow, the executive secretary, said.

Included in the collection was the first report from a rural campaign worker. Mrs. Neil Helfrich, one of the solicitors in Union Township, had finished her house-to-house campaigning in plenty of time for the Monday night report, Harlow said.

Actually, the house-to-house campaign in the city and county wasn't even scheduled to get underway until Monday morning.

Charles Sheridan became the first collector to complete his territory in the downtown business area, Harlow added. Collections there started a week ago, earlier than the house-to-house canvass. Sheridan's report was in by Monday night.

200 Square Miles In England Ruled Milk Danger Zone

LONDON (UPI)—A 200-square-mile area between England's like district and the Irish Sea was a danger zone today from which milk could not be shipped because of radioactivity.

Uraniun cartridges at the Windscale atomic station overheated Friday. Radioactive iodine spilled out of the plant chimney and fell on grazing land.

The Atomic Energy Authority first said the situation was not serious.

But then today, the Authority increased the original 14-square-mile danger area to 200 square miles embracing 500 farms.

The area was extended when experts found that the radioactive levels in milk samples had not dropped as quickly as expected.

Human Brotherhood Labeled Chief Goal

CLEVELAND (UPI)—A Bible scholar said today that Christian missionaries, evangelists and social reformers must not just do things for people, but must seek with them "those qualities of peace, justice and love which make the climate that is necessary for human brotherhood."

Dr. William L. Reed, professor at The College of the Bible, Lexington, Ky., told the international convention of the Christian Churches (Disciples of Christ):

"Anyone who takes seriously the Biblical theme of the people of God, must feel that God renders a verdict on all human action in terms of what it means for the community."

Ohio Sinking Fund Decision Delayed

COLUMBUS (UPI)—Members of the Ohio Sinking Fund Commission met Monday without taking any action on a proposed court test of a \$30 million bond issue for capital improvements.

State Finance Director John Skipton said he anticipated a decision this week on the recommendation by bond counsel for the court test.

Counsel said a suit should be brought in the Ohio Supreme Court to assure legality of the bonds authorized under a voter-approved \$150 million issue for state hospitals and prisons.

Stronger Civil Rights Laws Being Proposed

CINCINNATI (UPI)—The trustees of the Union of American Hebrew Congregations have urged stronger government protection of civil liberties.

The board backed a civil liberties resolution Monday in the final day of a four-day conference of lay and rabbinic leaders of Reform Judaism launching a fund-raising drive.

Friends may call at the funeral home after noon Wednesday.

Boy, 9, Injured In Tractor Mishap

Three young people received treatment in the emergency room at Memorial Hospital Monday.

Janet Clyburn, 5, daughter of Mr. and Mrs. William Clyburn, Route 1, Greenfield, was treated for a shoulder injury she sustained when she fell off a swing set.

They doctors explained that it has been known for some time that the kidneys and the salt content of the body are somehow connected with hypertension and that kidney disease produces high blood pressure.

For seven years they experimented with diuretic compounds to determine if they could make standard drugs for reducing high blood pressure more effective.

They said chlorothiazide initially was believed to be merely a diuretic compound, but soon they discovered it also lowered high blood pressure in its own right.

The doctors said it appears that chlorothiazide effectively reduces the body fluid and salt and it reduces high blood pressure by itself.

Anonymous Tip Leads To Capture Of Auto Thief

Dayton Man Admits Taking Car from Brandenburg Lot

An anonymous tipster helped Detective Charles Hays catch an auto thief Monday night before the man was more than 10 minutes' drive from the scene.

William Robinson, 47, of Dayton, was bound over to the grand jury under \$1,000 bond after he pleaded guilty before Judge Max G. Dice in Municipal Court to taking the car.

He might not even have been in captivity if it had not been for the alert tipster, who stopped Deputy Hays on the CCC Highway a few west of town about 11 p.m. Monday and said there was "something funny" about a grey 1950 hardtop ahead of him.

The car had pulled out of the Brandenburg Motor Sales lot on Clinton Ave. just in front of him, he said, and he told the deputy he wondered why it was coming out of a used car lot at that time of night.

In addition, he wondered what it was doing with truck license plates. Would the Deputy care to find out?

He certainly would. And he did. Robinson, the driver, who was overhauled on the CCC Highway by Deputy Hays, admitted taking the car and came quietly back to county jail. Charges were filed by Vayne Brower of the Brandenburg Motor Sales Co. Tuesday morning.

High Blood Pressure Drug Is Perfected

BOSTON (UPI)—Discovery of a new drug for the relief of high blood pressure has been announced by two doctors at Massachusetts Memorial Hospitals.

The discoverers, Dr. Robert W. Wilkins, 50, and Dr. William Hollander, 32, said Monday night the drug is called chlorothiazide. They said they tried the drug over a period of several months on 51 patients.

Even the toughest cases of hypertension (high blood pressure) responded to chlorothiazide, they said.

The doctors explained that it has been known for some time that the kidneys and the salt content of the body are somehow connected with hypertension and that kidney disease produces high blood pressure.

Decision on the site was announced today by Dr. Robert A. Haines, director of the Department of Mental Hygiene and Correction. He said Gov. C. William O'Neill agrees in the location for the \$14-million institution.

The new institution is designed for boys involved in more serious offenses. The present Boys Industrial School at Lancaster will become something of an "honor" institution after completion of the Columbus installation.

Treated for a shoulder cut he sustained in a home accident was Bob Hunter, 19, of 913 S. North St. Harold Bryant, 9, son of Mr. and Mrs. Verle Bryant of Route 1, New Eolland, was treated for pelvis and leg injuries he sustained when he fell from a tractor and was run over by a wheel. He is still in the hospital.

Los Angeles (UPI) — Development of a television "eye" that enables airplane pilots to "see" the terrain under all weather conditions has been disclosed.

The device, described at an Army-Navy instrumentation symposium Monday as "the missing link" between man and machine, is ANIP (for Army-Navy Instrumentation Program).

It is designed to fit aircraft to the capability of the pilot rather than continue attempts to condition the pilot to the increasing demands of modern flight.

ANIP will eliminate six basic cockpit instruments: Artificial horizon, directional gyro, air speed, altimeter, turn-and-bank, and rate of climb, said Cmdr. George W. Hoover, project officer for the Office of Naval Research.

Hoover, who is credited with development of the system, said ANIP consists of a two-dimensional pictures presented on a flat, transparent television tube 20 inches wide and 11 inches high.

The tube is fed continuing information by a lightweight electronic computer to supply the pilot a third-dimension perspective of terrain and sky information.

ANIP is expected to become operational in Navy aircraft in two or three years, Hoover said.

266 Admitted To Hospital In September

MONDAY night's regular meeting of the Memorial Hospital trustees, one of the shortest in a long time, was devoted almost exclusively to routine business.

The monthly report by Miss Christine Evans, hospital administrator, showed 266 admissions during September; 54 babies born; 2,085 patient days; 82 the most patients in the hospital in one day; 59 the fewest on one day; 67 major operations performed; 44 minor operations performed; 2,743 laboratory examinations; 92 X - rays made; 31,324 pounds of laundry handled; 8,521 meals served and 598 out patients treated.

Payment of wages and salaries amounting \$24,383.85 was authorized and bills for normal operations, maintenance and supplies totalling \$19,817.20 were approved.

After hearing the reports and taking care of the routine business, the board spent some time discussing the proposed expansion program for the hospital and the need for an operating levy. Both the building and levy proposals will be submitted to the voters at the Nov. 5 election.

United Fund Drive \$18,718 From Its Goal

20 Percent of \$23,500 Quota Contributed During First Week

With the giant kickoff parade featuring Hopalong Cassidy fading into memory, the Community Chest has 80 per cent of its quota still to collect, in order to meet the \$23,500 budget proposed for next year.

A total of \$4,781.50—or only 20 per cent—had been received by the Chest's central office at closing time Monday, Perse Harlow, the executive secretary, said.

Included in the collection was the first report from rural campaign worker. Mrs. Neil Helfrich, one of the solicitors in Union Township, had finished her house-to-house campaigning in plenty of time for the Monday night report, Harlow said.

Actually, the house-to-house campaign in the city and county wasn't even scheduled to get underway until Monday morning.

Charles Sheridan became the first collector to complete his territory in the downtown business area, Harlow added. Collection started a week ago, earlier than the house-to-house canvass. Sheridan's report was in by Monday night.

200 Square Miles In England Ruled Milk Danger Zone

LONDON (UPI)—A 200-square-mile area between England's like district and the Irish Sea was a danger zone today from which milk could not be shipped because of radioactivity.

Uranium cartridges at the Wind-scaled atomic station overheated Friday. Radioactive iodine spilled out of the plant chimney and fell on grazing land.

The Atomic Energy Authority first said the situation was not serious.

But then today, the Authority increased the original 14-square-mile danger area to 200 square miles embracing 500 farms.

The area was extended when experts found that the radioactive levels in milk samples had not dropped as quickly as expected.

Human Brotherhood Labeled Chief Goal

CLEVELAND (UPI)—A Bible scholar said today that Christian missionaries, evangelists and social reformers must not just do things for people, but must seek with them "those qualities of peace, justice and love which make the climate that is necessary for human brotherhood."

Dr. William L. Reed, professor at The College of The Bible, Lexington, Ky., told the international convention of the Christian Churches (Disciples of Christ):

"Anyone who takes seriously the Biblical theme of the people of God, must feel that God renders a verdict on all human action in terms of what it means for the community."

Ohio Sinking Fund Decision Delayed

COLUMBUS (UPI)—Members of the Ohio Sinking Fund Commission met Monday without taking any action on a proposed court test of a \$30 million bond issue for capital improvements.

State Finance Director John Skipton said he anticipated a decision this week on the recommendation by bond counsel for the court test.

Counsel said a suit should be brought in the Ohio Supreme Court to assure legality of the bonds authorized under a voter-approved \$150 million issue for state hospitals and prisons.

Stronger Civil Rights Laws Being Proposed

CINCINNATI (UPI)—The trustees of the Union of American Hebrew Congregations have urged stronger government protection of civil liberties.

The board backed a civil liberties resolution Monday in the final of a four-day conference of lay and rabbinic leaders of Reform Judaism launching a fund-raising drive.

Before he entered the hospital, he lived at 104 E. Paint St. here. A toolmaker by trade, he leaves a sister, Mrs. Fannie Downs in Florida, and several nieces and nephews in Washington C. H.

Floyd Wilson

Services for Floyd Wilson, 30, who died Monday in Mt. Carmel Hospital Columbus, will be held in the Washington C. H. Cemetery.

Friends may call at the funeral home any time.

Survivors include his wife, Aileen at home; an 8-month-old son, Stephen Ray; his parents, Mr. and Mrs. Robert Wilson of 615 Eastern Ave.; four brothers, Harold of San Diego, Virgil and Norman of Washington C. H., and Francis of San Angelo, Tex.; three sisters, Mrs. Catherine Stitsch of Columbus; Mrs. Ethel Yarger of Washington C. H. Miss Phyllis Wilson, who lives with her parents; a half-brother, Wilbur Wilson, Gibbs Ave., and a half-sister, Mrs. Ruth Wolfe, 1037 Broadway.

Philip Scholler

SABINA—Philip Scholler, 79, who had a bakery on Howard St. here for 24 years, died at 6:15 a.m. Tuesday at his home in Sabina. He had been in failing health for 10 years and seriously ill for the last 10 weeks.

Before going to Sabina in 1933 he had a bakery in New Holland for 20 years. He was a native of Waverly, and was a member of the Lutheran Church.

He is survived by his wife, Rose, to whom he was married in 1903; a son, Theodore, in Troy; a daughter, Miss Martha Scholler, at home; three grandchildren and three great grandchildren.

He also leaves a sister, Mrs. Elizabeth Kordell of Columbus.

Services will be held at the Littleton Funeral Home here at 2 p.m. Thursday by the Rev. Richard P. Davison, pastor of the Sabina Church of Christ. Burial will be in the New Holland Cemetery.

Friends may call at the funeral home after noon Wednesday.

Boy, 9, Injured In Tractor Mishap

Three young people received treatment in the emergency room at Memorial Hospital Monday.

Janet Clyburn, 5, daughter of Mr. and Mrs. William Clyburn, Route 1, Greenfield, was treated for a shoulder injury she sustained when she fell off a swing set.

The doctors explained that it has been known for some time that the kidneys and the salt content of the body are somehow connected with hypertension and that kidney disease produces high blood pressure.

For seven years they experimented with diuretic compounds to determine if they could make standard drugs for reducing high blood pressure more effective.

They said chlorothiazide initially was believed to be merely a diuretic compound, but soon they discovered it also lowered high blood pressure in its own right.

The doctors said it appears that chlorothiazide effectively reduces the body fluid and salt and it reduces high blood pressure by itself.

Georgetown Jail Escapees Nabbed

WILMINGTON (UPI)—Two Wilmington teen-agers who escaped from the Brown County jail in Georgetown after one of them had squirmed through a small cell door opening were captured near here late Monday.

State highway patrolmen took the boys into custody after they wrecked an automobile which they were alleged to have stolen after their escape.

Family of 6 Killed In Train-Auto Crash

AUGUSTA, Kan. (UPI)—A station wagon and a Frisco passenger train collided in the rain at dusk Monday night, killing six members of an Oklahoma family.

The dead were Mr. and Mrs. A. P. Busby Jr. of Shiflet, Okla., their three sons, from two months to five years old, and Busby's grandfather, Charles Carriker of Kaw City, Okla.

Anonymous Tip Leads To Capture Of Auto Thief

Dayton Man Admits Taking Car from Branlenburg Lot

An anonymous tipster helped Deputy Sheriff Charles Hays catch an auto thief Monday night before the man was more than 10 minutes' drive from the scene.

William Robinson, 47, of Dayton, was bound over to the grand jury under \$1,000 bond after he pleaded guilty before Judge Max G. Dice in Municipal Court to taking the car.

He might not even have been in captivity if it had not been for the alert tipster, who stopped Deputy Hays on the CCC Highway a just west of town about 11 p.m. Monday and said there was "something funny" about a grey 1950 hardtop ahead of him.

The car had pulled out of the Branlenburg Motor Sales lot on Clinton Ave. just in front of him, he said, and he told the deputy he wondered why it was coming out of a used car lot at that time of night.

In addition, he wondered what it was doing with truck license plates. Would the Deputy care to find out?

He certainly would. And he did. Robinson, the driver, who was overhauled on the CCC Highway by Deputy Hays, admitted taking the car and came quietly back to county jail. Charges were filed by Wayne Brower of the Branlenburg Motor Sales Co. Tuesday morning.

High Blood Pressure Drug Is Perfected

BOSTON (UPI)—Discovery of a new drug for the relief of high blood pressure has been announced by two doctors at Massachusetts Memorial Hospitals.

The discoverers, Dr. Robert W. Wilkins, 50, and Dr. William Hollander, 32, said Monday night the drug is called chlorothiazide. They said they tried the drug over a period of several months on 51 patients.

Even the toughest cases of hypertension (high blood pressure) responded to chlorothiazide, they said.

The doctors explained that it has been known for some time that the kidneys and the salt content of the body are somehow connected with hypertension and that kidney disease produces high blood pressure.

For seven years they experimented with diuretic compounds to determine if they could make standard drugs for reducing high blood pressure more effective.

Round about Fayette County

By B. E. KELLEY

Tens of thousands of years ago main streams in Fayette County flowed northward and northwestward, and one of the greatest rivers of the entire country cut across the extreme northeastern corner of Fayette County and flowed northward, crossing the Indiana line in Van Wert County.

Other pre-glacial streams in the county apparently emptied into the big river, known as the Teays (pronounced taze), and most of them had eaten deep into the rock over a long period of years.

The Teays river had cut down 200 to 600 feet below the general level, and was a half mile or more in width, and most of its valley was one to 1½ miles in width.

This great river is the course of which is now being charted by government employees who are using the same methods to locate the old hamlets that are being employed by a drilling outfit for Kewanee Oil Co., here to locate possible oil deposits in this country.

The river was covered over by a great bulldozing ice sheet more than 200,000 years ago. Two later glaciers, the last from the northeast, completely wiped out most of the surface evidence of the river.

Tilting of land later turned most of the watershed in Ohio to the south, and the Ohio River was then formed.

The Teays River originated in the Piedmont Plains area of Virginia and North Carolina, flowing westward across West Virginia, Ohio, Indiana and Illinois to the Mississippi River.

Flowing northward up the present Scioto River Valley, it branched northwestward near Chillicothe, passed through Pickaway County, the edge of Fayette County, Madison, Clark, Champaign, Shelby and Mercer counties.

In all probability in pre-glacial days not too great an area in Fayette County could have been classified as farming land.

The series of glaciers however, leveled the surface, filling stream beds and valley with glacial drift, and in retreating deposited additional earth over the barren stone surface, until today this county is one of the finest agricultural communities in the world.

Macmillan Is Cool On A-Testing Ban

TOKYO (AP)—British Prime Minister Harold Macmillan told Japan Monday that to suspend nuclear weapon tests "would not by itself be a measure of disarmament" because countries able to manufacture nuclear arms would continue to do so.

Macmillan was replying to a cable from Japanese Prime Minister Nobusuke Kishi asking British support for Japan's resolution in the U.N. General Assembly calling for immediate suspension of nuclear weapon tests.

Kishi and Prime Minister Nehru issued a joint call Sunday for suspension of nuclear tests as a first step toward disarmament.

There are 171 different kinds of fish in Ohio. Black bass are generally considered to be Ohio's number one game fish. Bluegills are the most sought after fish in Ohio and make up the largest percentage of fish taken by fishermen.

40 years ago, and the storeroom in which it was located, on the southeast corner of the road intersection in the village, was moved to the west side of the White Road. For years it was used as a blacksmith shop.

Years ago when Stookey owned the land he tore out the old store building and built a small garage on the site. He says that the post office was never located in the present store which is operated by Wendie Bryant.

Stookey has the old pigeon hole postoffice boxes stored in his barn.

ANOTHER LANDMARK DOOMED

One by one the old wooden bridges, which meant so much in the early days of Ohio, are passing.

They are not "crossing the river," so to speak, but are being torn away from their crossing the river, or creek, as the case might be.

Fayette County has just one of these wooden structures left. It is over Deer Creek on the Yankee Town Road in the extreme northeast corner of the county.

In Highland County the last covered bridge on a state route in that county, is to be torn away to make room for a more substantial structure. It is located at the western edge of Pricetown over the north fork of Whiteoak Creek.

RELIC OF THE PAST

Stoddard C. Hamilton Sr., of Indianapolis, recently presented the Fayette County Historical Society with very interesting historic relic connected with the execution of the only man ever hanged in Fayette County 91 years ago.

It is a small card admitting the holder to the enclosure on the court house lawn to witness the execution of William G. W. Smith and the man to whom it was issued was Hamilton's father, Dr. E. C. Hamilton, who died in 1916 at the age of 81 years. The latter was correspondent for the Cincinnati Commercial Tribune at the time of the execution.

The inscription on the card reads:

"Sheriff's office, Fayette County, Ohio, 'E. C. Hamilton, Com. Rep. is admitted to witness the execution of Wm. G. W. Smith, on the 14 Dec., 1866. Jas. Straley, Sheriff of Fayette County, Ohio."

The date originally set for the execution of Smith, who had murdered John Gray at his log cabin at the Glendon crossroads, was Nov. 30, 1866, but a stay of execution was granted, so the printed date was crossed out and "14 Dec" substituted.

Hamilton also has given to the society, a photograph taken, the morning after the memorable riot here on Oct. 17, 1894, showing the south entrance to the Courthouse with a heavy timber resting on the steps leading to the doors, and a group of militiamen on guard.

It is the only photograph of its kind I have ever seen.

Incidentally while Col. Coit, who gave the order to fire through the Courthouse doors claimed the doors were being battered in, there are no battering marks on either door.

Macmillan was replying to a cable from Japanese Prime Minister Nobusuke Kishi asking British support for Japan's resolution in the U.N. General Assembly calling for immediate suspension of nuclear weapon tests.

Kishi and Prime Minister Nehru issued a joint call Sunday for suspension of nuclear tests as a first step toward disarmament.

Famous Play Slated on TV**'Green Pastures' Due For Airing Thursday**

By CHARLES MERCER NEW YORK (AP)—Nearly everyone has heard of Marc Connelly's famous play, "The Green Pastures," which will be televised on NBC-TV Thursday for the first time. But many, especially younger persons, are vague about its plot.

George Schaefer described it most aptly the other day in discussing the drama which he is directing and producing as the season's initial offering of "Hall Of Fame."

"It's a projection of the meeting of God and man as seen through children's eyes," he said. "It is, in a sense, the story of creation by a God who grows disgusted with his people. He is a God of wrath, but he finds he cannot forget his people, and so he becomes a God of compassion who sends his son to earth."

"By seeing it all through the eyes of American Negro children it's possible to use Negro spirituals, a music which adds so much to the drama."

Schaefer has assembled a huge cast of 81 Negroes to play the roles in this far-reaching, 90-minute drama. William Warfield, noted baritone, will play de Lawd. Eddie Anderson (Jack Benny's "Rochester") is Noah. William Billard plays the King of Babylon.

"The Green Pastures" is the first in an interesting series of "Hall Of Fame" productions this year. In November it will present "On Borrowed Time"; December, "Hans Brinker And The Silver Skates"; February, Shakespeare's "Twelfth Night"; March, an original drama, "Little Moon of Alban," starring Julie Harris; April, "Dial M for Murder."

Defiance College To Host Dignitaries

DEFIANCE (AP)—Notables in the fields of education, the arts and religion, led by Dr. Milton Eisenhower, brother of President Eisenhower, plan visits to the Defiance College campus this week.

Dr. Eisenhower, president of John Hopkins University, arrived to take part in the formal dedication today of the Anthony Wayne Library for American Studies. President Eisenhower laid the cornerstone for the building in 1953. Dr. Kevin McCann, president of Defiance College, has served in an advisory capacity to the President.

Police said the trio was accused of having fired a shotgun at Mrs. Carter's husband, Lawrence Carter, 29, in front of his home near here late Sunday. Officers said Carter returned the fire and caught the trio after an automobile chase. They were taken into custody by a county patrolman.

Police said Carter has a divorce suit pending and that he has custody of the couple's four children.

Youth Club Activities**FORGET-ME-NOT CLUB**

The Forget-Me-Not Blue Birds met at their club room Friday afternoon after school. This was a called meeting to make final plans for the Community Chest parade.

Upon arrival at the "nest," the girls were taken by their leaders for a hike. Each member was asked to collect colorful leaves that were to be used on a float for the parade.

Following the hike, the girls were served refreshments and discussion and final plans were made for the parade.

Mrs. Dale Ward, the leader, announced that Jeri Griffith is moving to another city and would no longer be a member.

The meeting was closed with the friendship circle.

There was 100 per cent attendance. Members are Melissa Brubaker, Joyce Whiteside, Jane Whaley, Debbie Naylor, Sue Ware Kathy Marvin, Pamela Beach, Michele Stemple, Mary Ann Moore, Bonnie Henderson, Penny Wood, Reginia Joseph, Connie Jones, Sue Neal, Margery Donohoe, Lynn Johnson, Jeri Griffith, Judy Morris, Becky Mustine, Judy Ward, Vicki Gormley and Elaine Palmer.

The assistant leaders are Mrs. William Johnson and Mrs. Richard Whiteside.

DAISY BLUE BIRDS

The Daisy Blue Birds of Cherry Hill School enjoyed a wiener roast at City Park Wednesday.

During the business meeting plans were made to participate in the Community Chest parade.

Games were played, afterward the Blue Bird friendship circle closed the meeting with 15 members taking part.

Woman, 2 Men Held for Shooting At Her Husband

CINCINNATI (AP)—A Hamilton mother and two men were being held in jail here for attempting to kill the woman's estranged husband.

Auditor Questions Reformatory Fund

COLUMBUS, Ohio (AP)—A state auditor's report questions certain expenditures from the entertainment fund at Ohio Reformatory for Women at Marysville.

Purchase of such items as an office safe, cook books, law books, kitchen utensils and soft drinks for entertainment of outside guests and parties, repair of private television sets and payments for an orchestra for a New Years Day party were among the expenditures questioned.

State Auditor James A. Rhodes said: "Expenditures from the fund warrant a logical concern as

to the validity of the expenditures for the entertainment and recreation of the inmates."

in the federal penitentiary for embezzling \$7,076 in postal funds. Russell pleaded guilty to two counts of conversion of postal funds. The \$7,076 was embezzled between mid-1956 and mid-1957.

Russell's attorney, Fred Crow of Pomeroy, a former FBI agent, made a strong plea for probation, but the judge told Russell: "You violated a trust. You come from a good family, but that does not excuse you from the crime."

Round about Fayette County

By B. E. KELLEY
Tens of thousands of years ago main streams in Fayette County flowed northward and northwestward, and one of the greatest rivers of the entire country cut across the extreme northeastern corner of Fayette County and flowed northward, crossing the Indiana line in Van Wert County.

Other pre-glacial streams in the county apparently emptied into the big river, known as the Teays (pronounced taze), and most of them had eaten deep into the rock over a long period of years.

The Teays river had cut down 200 to 600 feet below the general level, and was a half mile or more in width, and most of its valley was one to 1½ miles in width.

This great river is the course which is now being charted by government employees who are using the same methods to locate the old channel that are being employed by a drilling outfit for Kewanee Oil Co., here to locate possible oil deposits in this country.

The river was covered over by a great building ice sheet more than 200,000 years ago. Two later glaciers, the last from the northeast, completely wiped out most of the surface evidence of the river.

Tilting of land later turned most of the watershed in Ohio to the south, and the Ohio River was then formed.

The Teays River originated in the Piedmont Plains area of Virginia and North Carolina, flowing westward across West Virginia, Ohio, Indiana and Illinois to the Mississippi River.

Flowing northward up the present Scioto River Valley, it branched northwestward near Chillicothe, passed through Pickaway County, the edge of Fayette County, Madison, Clark, Champaign, Shelby and Mercer counties.

In all probability in pre-glacial days not too great an area in Fayette County could have been classified as farming land.

The series of glaciers however, leveled the surface, filling stream beds and valley with glacial drift, and in retreating deposited additional earth over the barren stone surface, until today this county is one of the finest agricultural communities in the world.

Macmillan Is Cool On A-Testing Ban

TOKYO (AP)—British Prime Minister Harold Macmillan told Japan Monday that to suspend nuclear weapon tests "would not by itself be a measure of disarmament" because countries able to manufacture nuclear arms would continue to do so.

Macmillan was replying to a cable from Japanese Prime Minister Nobusuka Kishi asking British support for Japan's resolution in the U.N. General Assembly calling for immediate suspension of nuclear weapon tests.

Kishi and Prime Minister Nehru issued a joint call Sunday for suspension of nuclear tests as a first step toward disarmament.

There are 171 different kinds of fish in Ohio. Black bass are generally considered to be Ohio's number one game fish. Bluegills are the most sought after fish in Ohio and make up the largest percentage of fish taken by fishermen.

40 years ago, and the storeroom in which it was located, on the southeast corner of the road intersection in the village, was moved to the west side of the White Road. For years it was used as a blacksmith shop.

Years ago when Stokey owned the land he tore out the old store building and built a small garage on the site. He says that the post-office was never located in the present store which is operated by Wendy Bryant.

Stokey has the old pigeon-hole postoffice boxes stored in his barn.

ANOTHER LANDMARK DOOMED

One by one the old wooden bridges, which meant so much in the early days of Ohio, are passing.

They are not "crossing the river," so to speak, but are being torn away from their crossing the river, or creek, as the case might be.

Fayette County has just one of these wooden structures left. It is over Deer Creek on the Yankee-Town Road in the extreme northeast corner of the county.

In Highland County the last covered bridge on a state route in that county, is to be torn away to make room for a more substantial structure. It is located at the western edge of Pricetown over the north fork of Whiteoak Creek.

RELIC OF THE PAST

Stoddard C. Hamilton Sr., of Indianapolis, recently presented the Fayette County Historical Society with very interesting historic relic connected with the execution of the only man ever hanged in Fayette County 91 years ago.

It is a small card admitting the holder to the enclosure on the court house lawn to witness the execution of William G. W. Smith and the man to whom it was issued was Hamilton's father, Dr. E. C. Hamilton, who died in 1916 at the age of 81 years. The latter was correspondent for the Cincinnati Commercial Tribune at the time of the execution.

The inscription on the card reads:

"Sheriff's office, Fayette County, Ohio. 'E. C. Hamilton, Com. Rep. is admitted to witness the execution of Wm. G. W. Smith, and the man to whom it was issued was Hamilton's father, Dr. E. C. Hamilton, who died in 1916 at the age of 81 years. The latter was correspondent for the Cincinnati Commercial Tribune at the time of the execution.'

The date originally set for the execution of Smith, who had murdered John Gray at his log cabin at the Glendon crossroads, was Nov. 30, 1866, but a stay of execution was granted, so the printed date was crossed out and "14 Dec" substituted.

Hamilton also has given to the society, a photograph taken, the morning after the memorable riot here on Oct. 17, 1894, showing the south entrance to the Courthouse with a heavy timber resting on the steps leading to the doors, and a group of militiamen on guard.

It is the only photograph of its kind I have ever seen.

Incidentally while Col. Coit, who gave the order to fire through the Courthouse doors claimed the doors were being battered in, there are no battering marks on either door.

**Famous Play Slated on TV**

'Green Pastures' Due For Airing Thursday

By CHARLES MERCER NEW YORK (AP)—Nearly everyone has heard of Marc Connally's famous play, "The Green Pastures," which will be televised on NBC-TV Thursday for the first time. But many, especially younger persons, are vague about its theme.

George Schaefer described it most aptly the other day in discussing the drama which he is directing and producing as the season's initial offering of "Hall of Fame."

"It's a projection of the meeting of God and man as seen through children's eyes," he said. "It is, in a sense, the story of creation by a God who grows disgusted with his people. He is God of wrath, but he finds he cannot forget his people, and so he becomes a God of compassion who sends his son to earth."

"By seeing it all through the eyes of American Negro children, it's possible to use Negro spirituals, a music which adds so much to the drama."

Schaefer has assembled a huge cast of 81 Negroes to play the roles in this far-reaching, 90-minute drama. William Warfield, noted baritone, will play de Lawd.

Eddie Anderson (Jack Benny's "Rochester") is Noah. William Dillard plays the King of Babylon. "The Green Pastures" is the first in an interesting series of "Hall of Fame" productions this year. In November it will present "On Borrowed Time"; December, "Hans Brinker And The Silver Skates"; February, Shakespeare's "Twelfth Night"; March, an original drama, "Little Moon of Alban," starring Julie Harris; April, "Dial M for Murder."

Woman, 2 Men Held for Shooting At Her Husband

CINCINNATI (AP)—A Hamilton mother and two men were being held in jail here for attempting to kill the woman's estranged husband.

Hold under \$2,000 bond each are Mrs. Geraldine Carter, 28; James Proffit, 23, and Leonard Roark, 30, all of Hamilton.

Police said the trio was accused of having fired a shotgun at Mrs. Carter's husband, Lawrence Carter, 29, in front of his home near here late Sunday. Officers said Carter returned the fire and caught the trio after an automobile chase. They were taken into custody by a county patrolman.

Police said Carter has a divorce suit pending and that he has custody of the couple's four children. It is the only photograph of its kind I have ever seen.

Incidentally while Col. Coit, who gave the order to fire through the Courthouse doors claimed the doors were being battered in, there are no battering marks on either door.

The Forget-Me-Not Bluebirds met at their club room Friday afternoon after school. This was a called meeting to make final plans for the Community Chest parade.

Upon arrival at the "nest," the girls were taken by their leaders for a hike. Each member was asked to collect colorful leaves that were to be used on a float for the parade.

Following the hike, the girls were served refreshments and discussion and final plans were made for the parade.

Mrs. Dale Ward, the leader, announced that Jeri Griffith is moving to another city and would no longer be a member.

The meeting was closed with the friendship circle.

There was 100 per cent attendance. Members are Melissa Brubaker, Joyce Whiteside, Jane Whaley, Debbie Naylor, Sue Ware Kathy Marvin, Pamela Beach, Michele Stempel, Mary Ann Moore, Bonnie Henderson, Penny Wood, Virginia Joseph, Connie Jones, Sue Neal, Margery Donohoe, Lynn Johnson, Jeri Griffith, Judy Morris, Becky Mustine, Judy Ward, Vicki Gormley and Elaine Palmer.

The assistant leaders are Mrs. William Johnson and Mrs. Richard Whiteside.

The Daisy Blue Birds of Cherry Hill School enjoyed a wiener roast at City Park Wednesday.

During the business meeting plans were made to participate in the Community Chest parade.

Games were played, after which the Blue Bird friendship circle closed the meeting with 15 members taking part.

Defiance College To Host Dignitaries

DEFIANCE (AP)—Notables in the fields of education, the arts and religion, led by Dr. Milton Eisenhower, brother of President Eisenhower, plan visits to the Defiance College campus this week.

Dr. Eisenhower, president of Johns Hopkins University, arrived to take part in the formal dedication today of the Anthony Wayne Library for American Studies. President Eisenhower laid the cornerstone for the building in 1953. Dr. Kevin McCann, president of Defiance College, has served in an advisory capacity to the President.

Auditor Questions Reformatory Fund

COLUMBUS, Ohio (AP)—A state auditor's report questions certain expenditures from the entertainment fund at Ohio Reformatory for Women at Marysville.

Purchase of such items as an office safe, cook books, law books, kitchen utensils and soft drinks for entertainment of outside guests and parties, repair of private television sets and payments for an orchestra for a New Year's Day party were among the expenditures questioned.

State Auditor James A. Rhodes said: "Expenditures from the fund warrant a logical concern as

Former Pomeroy Postmaster Jailed

COLUMBUS (AP)—Federal Judge Mell G. Underwood Monday sentenced Albert Russell Jr., former Pomeroy postmaster, to two years

in the federal penitentiary for embezzling \$7,076 in postal funds. Russell pleaded guilty to two counts of conversion of postal funds. The \$7,076 was embezzled between mid-1956 and mid-1957.

Russell's attorney, Fred Crow of Pomeroy, a former FBI agent, made a strong plea for probation, but the judge told Russell:

"You violated a trust. You come from a good family, but that does not excuse you from the crime."

Important Issues Before State C of C Meeting

It is understood that Fayette County will be well represented when the Ohio Chamber of Commerce holds its annual meeting in Columbus this week in what may prove one of its most important sessions.

With our state of Ohio offering strong promise of becoming the leader in this nation as a manufacturing state it appears quite proper that the Ohio C of C should devote much of its annual meeting time, to a study of means to promote and protect current and prospective business growth.

With "Ohio's Tomorrow" as a theme, it is vital that emphasis should be placed on the need for a continuance of a tax atmosphere and labor relation policies that will be conducive to the great opportunity which this state faces within the next few years.

With only the state of New York currently ahead of Ohio in the industrial field, it is wise that business leaders of our state give plenty of thought to reasons for those assets which has made this state advance to its present position.

Expansion of present established busi-

ness and development of new industry must be encouraged along with full recognition of the rights of employees who have helped bring this healthy condition about.

The Buckeye State can hold and probably advance its position by equitable policies with reference to state-wide taxes, keeping a sharp watch on public expenditures and winning public regard by policies which the public will readily know are for the best interests of all the people.

It is interesting to know that part of the C of C state meeting will be given over to the problems dealing with metropolitan growth and expansion. This is a situation that is calling for a lot of thought among the leading thinkers today.

George M. Humphrey, former secretary of the U. S. Treasury, who won distinction in that office, also is to be honored with a banquet as one feature of this state meeting. He will be recognized for his balanced and capable services to the nation, both for the country and private enterprise.

Biggest Enemy: Discouragement

NEW YORK — "I had my gall bladder out last year, lost 15 pounds and never felt better in my life," said Sir Cedric Hardwick. "Now I'm trying to think of something else for them to take out."

Sir Cedric, at 64 a veteran of more than 100 films and more stage roles than he can remember, is known as "an actor's actor," one whose performance always is stamped with unmistakable authority.

"But my profession is the only one in which children and animals can do as well as I can after 46 years," he remarked.

"I started acting at 18 professionally, although at 14 I had played Hamlet and at 10 Shylock, before an audience limited to my mother and a nursemaid.

"My father was a doctor. He didn't like my going into acting. He told me, 'You like to make your mistakes in public. I can make mine in private—and bury them.'

Hardwicke, who will be starred in "The Prince And The Pauper" over the CBS-TV network Oct. 28, ferris between here and his native England so often he feels he no longer has

a permanent home.

"England is my wife, America my mistress," he said, adding: "It is very good sometimes to get away from one's wife."

Sir Cedric, neat and precise in speech as well as manner, is pleasantly astringent in conversation. He believes acting is a form of self-conscious artistry and the actor must keep his own emotions under full control while playing a role.

"He was the only man I knew who could laugh from head to toe. When he was genuinely amused, even his feet would laugh."

Despite his long experience, Sir Cedric says he still has to fight stage fright.

"The older you get the worse it gets," he said. "I know of some actors who take tranquilizers before a performance. But this is the wrong approach. If an actor is going to take tranquilizers, he should be fair and hand them out to the audience, too."

I asked Sir Cedric his basic philosophy on living, and he said:

"Avoid discouragement. It's the one enemy every man has—and he can die from it or become bitter, which is a form of death."

"That I am a dignified, stu-

The Business of Finding Out

The Fund for the Republic, which may no longer be attributed to the Ford Foundation, is engaging in a study of the "questions facing Americans today."

Such a study is worthwhile no matter by whom it is made. The results, the conclusions, the decisions reached may be of value or not depending upon the capabilities and integrity of those making the study and the correctness of the reporting of their discussions.

Among the questions which The Fund for the Republic says are facing Americans are these:

"When a union member wants to change the policy or the leadership of his union, does he have freedom of expression? What is the union's role in modern society?"

"When different religious groups discuss public bus service for parochial school children, are they approaching a fundamental problem in the church-state relationship in a democratic system?"

These may be among the important issues of the moment, although it would seem that they might be trivial compared with the realistic danger to this republic arising out of its conflict with the Soviet universal state, the United States thus far having lost ground since the Berlin airlift in 1949.

It appears to me that a study by great minds of the causes of our failure to meet the Russian attack upon us and our way of life would be more important than whether children attending parochial school should be kept off buses and prevented from receiving free orange juice.

But maybe not. Perhaps Adolf A. Berle, Jr., Scott Buchanan, Eugene Burdick, Eric Goldman, Clark Kerr, Henry R. Luce, Father John Courtney Murray, Reinhold Niebuhr, Isidor I. Rabi and Robert Redfield, who are the consultants in these studies, will begin with the simpler problems and end with the cosmic one. They are to meet for discussion and debate in proper scholastic fashion. In fact, the brochure on the subject says:

"The committee has three functions: to think, to discuss, and

to publish. Out of its deliberations and the work commissioned by it, the Fund hopes that fresh definitions of fundamental problems and a clarification of the arguments concerning these problems will emerge.

The discussions of the committee may become models of the rational debate essential to the democratic process. . . ."

This is indeed a novel task, for most of the thinking in this world was not done by behalf but as a voluntary action by certain individuals who could not avoid thinking. I wonder who told Aristotle that he should think. Discussion undoubtedly has produced some truth. Certainly the Sanhedrin produced a volume of truth as a result of discussion but generally speaking, most of the original individuals, often as one might say, got their ideas out of their own heads. As for models for rational debate, there are many, including the debates in the Congress of the United States which have kept this country moving since we became a nation.

Robert M. Hutchins, who runs the Fund for the Republic, says of this effort:

"It would be pretentious to suppose that any pioneering venture such as the program of studies we are undertaking could offer definitive solutions to the problem of how to maintain and expand individual liberties in an industrialized and politically polarized world.

But I believe that the program that the Fund can, by concen-

trating upon it, make its most effective contribution to the maintenance of freedom and justice in the United States."

This is very hopeful indeed, particularly as it is important to maintain freedom and justice in the United States. It is also important that we continue as a nation. It is also important that we should not be destroyed by war or infiltration.

But what, may I ask, is a "politically polarized world"? Perhaps the consultants will answer that. I suppose it means that the political world is divided between the two extremes, the East and the West, communism and capitalism, totalitarianism and democracy. But where is there such a precise division?

Anyhow, we are now to have an investigation, millions of dollars worth of investigation. Too bad that Voltaire is not alive to investigate the investigators, or Marx to curse them for the poverty of their ideas, or Joe McCarthy to haul them before his committee to discover their foibles.

With our state of Ohio offering strong promise of becoming the leader in this nation as a manufacturing state it appears quite proper that the Ohio C of C should devote much of its annual meeting time, to a study of means to promote and protect current and prospective business growth.

With "Ohio's Tomorrow" as a theme, it is vital that emphasis should be placed on the need for a continuance of a tax atmosphere and labor relation policies that will be conducive to the great opportunity which this state faces within the next few years.

With only the state of New York currently ahead of Ohio in the industrial field, it is wise that business leaders of our state give plenty of thought to reasons for those assets which has made this state advance to its present position.

Expansion of present established busi-

ness and development of new industry must be encouraged along with full recognition of the rights of employees who have helped bring this healthy condition about.

The Buckeye State can hold and probably advance its position by equitable policies with reference to state-wide taxes, keeping a sharp watch on public expenditures and winning public regard by policies which the public will readily know are for the best interests of all the people.

It is interesting to know that part of the C of C state meeting will be given over to the problems dealing with metropolitan growth and expansion. This is a situation that is calling for a lot of thought among the leading thinkers today.

George M. Humphrey, former secretary of the U. S. Treasury, who won distinction in that office, also is to be honored with a banquet as one feature of this state meeting. He will be recognized for his balanced and capable services to the nation, both for the country and private enterprise.

Biggest Enemy: Discouragement

NEW YORK (AP) — "I had my gall bladder out last year, lost 15 pounds and never felt better in my life," said Sir Cedric Hardwicke. "Now I'm trying to think of something else for them to take out."

Sir Cedric, at 64 a veteran of more than 100 films and more stage roles than he can remember, is known as "an actor's actor," one whose performance always is stamped with unmistakable authority.

"But my profession is the only one in which children and animals can do as well as I can after 46 years," he remarked.

"I started acting at 18 professionally, although at 14 I had played Hamlet and at 10 Shylock, before an audience limited to my mother and a nursemaid.

"My father was a doctor. He didn't like my going into acting. He told me, 'You like to make your mistakes in public. I can make mine in private—and bury them!'

The Business of Finding Out

The Fund for the Republic, which may no longer be attributed to the Ford Foundation, is engaged in a study of the "questions facing Americans today."

Such a study is worthwhile no matter by whom it is made. The results, the conclusions, the decisions reached may be of value or not depending upon the capabilities and integrity of those making the study and the correctness of the reporting of their discussions.

Among the questions which The Fund for the Republic says are facing Americans are these:

"When a union member wants to change the policy or the leadership of his union, does he have freedom of expression? What is the union's role in modern society?"

"When different religious groups discuss public bus service for parochial school children, are they approaching a fundamental problem in the church-state relationship in a democratic system?"

These may be among the important issues of the moment, although it would seem that they might be trivial compared with the realistic danger to this republic arising out of its conflict with the Soviet universal state, the United States thus far having lost ground since the Berlin Airlift in 1949.

It appears to me that a study by great minds of the causes of our failure to meet the Russian attack upon us and our way of life would be more important than whether children attending parochial school should be kept off buses and prevented from receiving free orange juice.

But maybe not. Perhaps Adolf A. Berle, Jr., Scott Buchanan, Eugene Burdick, Eric Goldman, Clark Kerr, Henry R. Luce, Father John Courtney Murray, Reinhold Neibuhr, Isidor I. Rabi and Robert Redfield, who are the consultants in these studies, will begin with the simpler problems and end with the cosmic one. They are to meet for discussion and debate in proper scholastic fashion. In fact, the brochure on the subject says:

"The committee has three functions: to think, to discuss, and

to publish. Out of its deliberations and the work commission by it, the Fund hopes that fresh definitions of fundamental problems and a clarification of the arguments concerning these problems will emerge.

The discussions of the committee may become models of the rational debate essential to the democratic process . . ."

This is indeed a novel task, for most of the thinking in this world was not done by behesit but as a voluntary action by certain individuals who could not avoid thinking. I wonder who told Aristotle that he should think. Discussion undoubtedly has produced some truth. Certainly the Sanhedrin produced a volume of truth as a result of discussion but generally speaking, most of the original individuals, often as one might say, got their ideas out of their own heads. As for models for rational debate, there are many, including the debates in the Congress of the United States which have kept this country moving since we became a nation.

Robert M. Hutchins, who runs the Fund for the Republic, says of this effort:

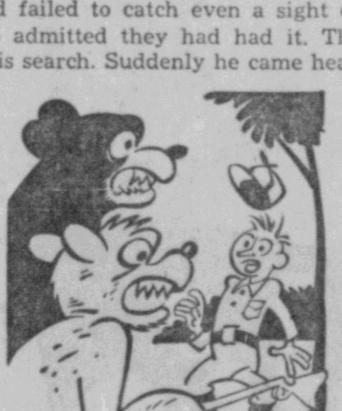

"It would be pretentious to suppose that any pioneering venture such as the program of studies we are undertaking could offer definitive solutions to the problem of how to maintain and expand individual liberties in an industrialized and politically polarized world.

But I believe that the program that the Fund can, by concen-

Diet and Health

I have written more about hearing difficulties during the past few months than any other single subject. As a result, I have received an increased volume of mail indicating very plainly that a great many of you are interested in this matter.

For the most part, I have been discussing hearing troubles in young children. Much of my mail, however, appears to be from older persons who are deeply concerned about their hearing or about the hearing of persons close to them.

In previous columns I've listed numerous signs which indicate that children may be having hearing difficulties.

Here, then, are four clues which might indicate that an older member of the family has hearing troubles:

1. A poor response to casual remarks.

2. Difficulty in knowing what persons are saying when they call from adjoining rooms.

3. Failure to respond as well as previously to doorbells or buzzers.

4. Failure to understand as well as formerly at the theater.

Detroiter Admits Stealing \$26,700 Meant for Church

CHICAGO (AP) — A 24-year-old Bible-reading Detroit man who admitted stealing \$26,700 a widow had given him to complete their plans for building a church, was held for police in the Motor City today.

Chicago detectives picked up Robert A. Martin Sunday. They said Martin orally admitted he had fled from Detroit last week after taking \$26,700 from Mrs. Nellie Horbenbach, 63, who operates a rooming house in Detroit.

Police said they found \$5,000 hidden in a mattress in a hotel room where Martin was staying. They also found \$480 in cash and travelers checks. They said there was no explanation from Martin about the rest of the money.

Pre-Game Supper Enjoyed by Girls

Twenty-four girls of the junior class at Washington C. H. High School enjoyed a pre-game supper at the home of Connie Cummings Friday evening before the Hillsboro-Washington C. H. football game here.

The supper was served buffet style from a table that was centered with a cake decorated like a football field.

The girls attending were Barbara Cutlip, Kay Rhoades, Donna Burke, Carolyn Williams, Dorothy Cunningham, Carolyn Hilliard, Dixie Coe, Sharon Keans, Jowanda Wilson, Jane Alkire, Lynn Boylan, Rosalyn Marting, Judy Cahall, Nancy Grim, Helen Ducey, Moreen Smith, Mary Kay West, Letricia Robinson, Marilyn Miller, Jane Whiteside, Helen Smith, Joyce Rhoades, Pat Hagan and Jane Wright.

The hostess was assisted by her mother, Mrs. Paul Cummings, and her grandmother, Mrs. Virgil Boyer.

Unlicensed Dentist Held in Cleveland

CLEVELAND (AP) — James Unger, 51, arrested Monday on a charge of practicing dentistry without a license, told police he had been doing well for 15 years because "there are not 10 dentists in town who can make good teeth." The former dental technician had six patients in his waiting room when arrested.

Mrs. Longley, mother of the groom, wore a black dress with black and white accessories. Her corsage was also pink roses.

Mrs. Longley, mother of the bride, was elegantly dressed in a black and white ensemble.

A reception was held immediately following the ceremony at the home of the bride's parents. The bridal table was beautifully decorated and centered with a tiered wedding cake trimmed with pink roses and surrounded by greenery.

For their wedding trip to Florida, the new Mrs. Brown was wearing a brown suit with fur trim and beige and brown accessories.

Upon their return they will reside in West Union.

Mrs. Brown is the home economics extension agent in Adams County. Dr. Brown is a chiropractor. His office is located at 8 W. Third St., Maysville, Ky.

REMOVE WALL BLEMISHES

Before you start to paint, take care of the wall blemishes. Small surface cracks are the most common disfigurers of all wall and ceiling surfaces. Scrape the crack lengthwise with a sharp tool to remove all loose particles. Cut it a little wider at the base than at the surface if possible. Pack the bottom of the crack with spackling putty. Let dry overnight. Fill the opening flush to the surface with a second application. Sand after drying.

About the best tonic we know of for a "run-down" room is a new paint job. We'll be glad to help you select your colors and the right paint . . . anytime.

U.S. 24th Division 'Dies' in Korea

WESTERN FRONT, Korea — The valiant U. S. 24th Infantry Division, first American unit to engage the Communists in Korea, died quietly today.

The 16-year-old division was redesignated the 1st Cavalry Division at a simple ceremony within a few miles of the armistice zone separating Allied and Communist troops.

Some 1,200 soldiers and a few hundred Koreans watched as the division colors were furled and cased to be sent to Washington. Then the famed black and yellow horse patch of the 1st Cavalry returned to Korea.

Brig. Gen. Ralph W. Zwicker was the last commander of the 24th Division and is now commander of the 1st Cavalry.

Led by Maj. Gen. William F. Dean, the 24th (taro leaf) Division landed in South Korea within one month of the June 1950 Red invasion and engaged in a costly delaying action that slowed the onrush of Communist forces until help arrived.

Dean was captured near Taejon and held by the Reds for three years.

The division stayed in Korea until 1952, when it was withdrawn to Japan. It returned to Korea in 1953 to guard Communist prisoners of war and handle the prisoner exchange. Since 1954, the 24th has been on guard across the 2½ mile-wide demilitarized zone.

CAIRO — An Egyptian military spokesman said today Egyptian forces which landed in Syria included units of infantry and artillery equipped with armored cars and heavy tanks. The spokesman did not disclose the size of the force, which Washington and London officials have estimated at from 1,000 to 1,600 men.

TAIPEI, Formosa — The De-

Flu Vaccine Value Less Than Expected

WASHINGTON — Army medical researchers report that preliminary test results indicate Asian flu vaccine is less effective than predicted.

The early-stage findings were relayed to District of Columbia physicians in scientific assembly Monday, over a closed-circuit television hookup from Walter Reed Army Institute of Research.

Dr. Maurice R. Hilleman, chief of the institute's department of respiratory diseases, said only one out of the series of tests on which he reported showed an effectiveness approaching the predicted 70 per cent. The others ranged down to less than 50 per cent.

Dr. Hilleman stressed that the results were evaluated on the basis of whether antibodies in the blood of patients rose to an arbitrarily chosen level after inoculation. Nobody, the physician said, yet knows the exact level of antibody concentrations necessary to resist the virus of Asian flu.

Meanwhile, Ohio health authorities said they had confirmed only 21 cases so far in the Buckeye State.

The new cases included the first in Cincinnati. There also were two new confirmations from Cleveland, one from Erie County and one from Ohio State University.

Army Cutback Draws Only Casual Comment

LITTLE ROCK, Ark. — The Army took note Monday of the calm atmosphere around recently integrated Central High School by ordering a drastic reduction in the number of soldiers protecting nine Negro students.

The surprise move announced by Secretary of the Army Brucker in Washington brought little response from this city, wracked by nearly seven weeks of racial tension.

Gov. Orval Faubus declined comment.

Mrs. L. C. Bates, Arkansas president of the NAACP, said: "We're not concerned. I certainly think the troops that remain will be able to handle anything that might arise. The community is getting back to normal."

Amis Guthridge, legal spokesman for the Capital Citizens Council, said, "Mr. Brucker's order made no impression on me whatsoever."

Army officials here seemed more surprised than civilians. An Army spokesman said that Maj. Gen. Edwin A. Walker, who commands both paratroopers and Arkansas National Guardsmen, had received no orders yet to release troops from duty here.

BRUCKER announced that 500 of the 1,000 members of the 101st Airborne Division will be returned immediately to their regular post at Ft. Campbell, Ky.

Brucker also said the Army will dismiss from federal control the bulk of Arkansas National Guardsmen federalized Sept. 24, the day the paratroopers arrived here.

About 1,800 Guardsmen will be retained on federal duty, the Army said, and the remaining 8,500 members of the Guard will be released.

The prolonged activation of the Guard had caused some rumbles from businesses and schools, who complained that employees, teachers and football players were being kept unnecessarily from their civilian duties.

Wild Storms Play Havoc in West Texas

DALLAS — Floods, storms and tornadoes punched a cross Texas Monday, killing three persons, injuring three and driving hundreds from their homes.

Hard rains continued across the state, sending angry crests swirling down scores of streams. More rain is forecast.

One man drowned in central Texas when his auto plunged into a rain-swollen creek. Another drowned in southeast Texas when a bridge gave way beneath him and a third was lost in the same area when high winds swamped his small boat.

The floods also stranded seven persons in a school bus temporarily.

A Missouri-Kansas-Texas trestle at Weir, in central Texas, collapsed, derailed the engine and four baggage cars of a San Antonio-Dallas passenger train. No one was injured.

Ballinger, a town of 6,000 in West Texas had the worst flooding.

The water extended over a 50-block area and reached a few business houses at the southern edge of the downtown business section.

A tornado struck about nine miles north of Dayton and

wrecked three homes. Another twister damaged farm buildings some 35 miles north of Beaumont.

Collegians Urged Enter Public Service

GRANVILLE — Gov. C. William O'Neill Monday invited honor students at Denison University here to enter public service upon graduation.

Speaking at a ceremony honoring students with high scholastic records, O'Neill said public service offers "no money, no security, no glory that lasts and no privacy." But, he added, there is the "satisfaction to know that your decisions affect the good miles of the people."

New Confidential Trial Scheduled

LOS ANGELES — Confidential magazine and associates are scheduled to be tried for criminal libel conspiracy charges Nov. 20.

The date was set Monday by Superior Judge Herbert V. Walker.

To be retried with Confidential are Fred and Marjorie Meade, Whisper magazine, Hollywood Research, Inc., and Publisher's Distributing Corp.

They are alleged to have conspired to libel celebrities through publications of scandal stories.

Adenauer May Grow Tough As Tito OKs East Germany

BERLIN — West German Chancellor Konrad Adenauer today was reported bent on a tough policy toward Yugoslavia in retaliation for Marshal Tito's decision to recognize East Germany's Communist government.

Adenauer earlier had warned that his government would break off ties with any nation recognizing the East German regime, which the Western Allies consider illegal and not representative of the 18 million East Germans. Adenauer made an exception of Russia.

Qualified diplomatic sources said a break in the formal diplomatic ties between Bonn and Belgrade was likely as a warning to other nations that might think about falling in line with Tito.

But the diplomat added that the two nations might continue working relations, since West Germany is Yugoslavia's most important trade partner.

Dusan Kveder, the Yugoslav ambassador to Bonn, informed the West German foreign office Monday night that his government today would announce the establishment of diplomatic ties with East Germany.

Adenauer and Foreign Minister Heinrich Brentano, in Berlin for the opening of the new lower house of parliament, held an urgent meeting on receipt of the Yugoslav bombshell.

ALLIED officials conceded that Yugoslav recognition was an important victory for Russia and its

2 Parochial Schools Hiked In Ohio Rating

Cleveland Benedictine, Cincy Purcell Move In Behind Warren

COLUMBUS, Ohio (AP) — Two parochial schools, Cleveland Benedictine and Cincinnati Purcell, moved in today behind Warren Harding's pace-setters as big threats to capture Ohio's high school football championship.

Warren, an impressive 41-0 winner over Erie (Pa.) East, clung to the top spot in the weekly Associated Press poll of sports writers. But Benedictine swept unbeaten Massillon aside 13-7 to take the second spot from the Tigers, while Purcell's high-scoring club handed Hamilton's Big Blue, its first setback, 28 to 24, to vault from ninth to third.

Massillon and Portsmouth's Trojans were the only top 10 teams defeated last weekend, but both stayed among the elite. Massillon skidded from second to a seventh place tie with defending champion Canton McKinley. Portsmouth, a 14-13 loser to Middletown, dropped from fifth to tenth.

Troy, which last week dropped from eighth to tenth despite a 41-6 win over Sidney, took a far greater tumble this week. Although the Trojans won 7-6 over previously unbeaten Dayton Fairmont, Coach Lou Juillerat's five-game winners (23 straight over the last three years) slipped all the way to 17th place.

Toledo DeVilbiss moved from seventh to fourth with a 20-0 win over Toledo Waite, going around Fremont Ross, which had a tough 13-2 win over Sandusky. Portsmouth, which lost to the Middies, and Youngstown South, which had a tough time handing Campbell Memorial its first setback, 9-0.

From Here and There: Middletown eased into 11th place after the win over Portsmouth—a game which provided one of the season's big disputes over an official's decision.

The Trojans outgained the Mid-dies 198 to 176 yards on the ground and 116 to 0 in the air, and had a 20-9 edge in first downs.

In the closing minute, after the Trojans moved to the 20 from their own 46, a fourth-down pass to end Bob Copley was completed on the 9. One official said the pass was not good because Copley had a knee on the ground. Portsmouth lodged a protest with the high school commissioner, H. W. Emswiler, on the peculiar interpretation.

Middletown reported that referee Bob Dagenhart ruled Copley trapped the ball. Middletown was given the ball on downs and ran out the clock. Portsmouth's principal said the official apologized after the game for his decision, but Emswiler—in keeping with his long-time policy—said he could take no action relative to an official's ruling.

* Springfield, which lost two straight, held Canton McKinley scoreless for three periods before bowing 13-0. The Wildcats have scored only one touchdown in their last three games.

Bill Hess of Northeastern (Clark County) scored on runs of 40, 41, 67, 72 and 80 yards (total 300) in routing Tecumseh 48-0. He has 81 points for the year.

Van Wert ran its streak to 34 without loss in the 41-13 win over Bellefontaine. Halfback Charley Young ran the first kickoff 82 yards to start the one-sided fray, and Van Wert scored once on a 90-yard drive.

Toledo DeVilbiss, Hilton Murphy's fine team, has lost only four games since 1952. In the last 46 games DeVilbiss has allowed only 249 points, just over five per contest—and three of the four defeats were by seven points or less.

Little Rutland has won its last 17 games, and has blanketed the foe 161-0 in five victories this year.

Here is how Ohio sports writers rate the state's high school football teams. Shown are first place votes in parentheses, poll points on a 10-9-8 etc basis, the won-lost records and the points scored by and against the Top Ten:

Coach Ignores Grandstand Advice

WASHINGTON (AP)—When a foot-ball coach gives in to grandstand quarterbacks, he is no longer coaching but "playing roulette."

Thus reasons Coach Joe Kuharich of the Washington Redskins.

"If you don't play it your way, you're guessing—playing roulette," Kuharich said today. "You have to have a policy."

Kuharich's policy is simple:

"Once you get inside the team's 40-yard line, or even 45, you have to go for 3 points or 7. If your best bet is 3, take it."

Ryder Cup Team Selection Method Under Sharp Fire

SAN FRANCISCO (AP) — Sam Snead and Jimmy Demaret, off on an Oriental golf expedition, levelled a double-barreled blast today at the United States' method of selecting its Ryder Cup team.

Snead and Demaret left today by air for Tokyo to compete in the Canada Cup and international trophy matches involving top pros of 30 nations Oct. 24-27.

Commenting on America's recent defeat at the hands of the British professionals—the first reversal in 24 years for the Yanks—the two veterans said the responsibility lay with the system.

"I imagine picking a team to represent this country and leaving off players like Snead, Ben Hogan and Doc Middlecoff," said Demaret. "I could have picked a better team blindfolded."

Neither Snead nor Demaret chose to delve into personalities in discussing the 1957 Ryder cup team, whose members were Ted Kroll, Jack Burke Jr., Ed Furgol, Tommy Bolt, Lionel Hebert, Art Wall Jr., Dick Mayer, Dow Finsterwald and Doug Ford.

Demaret said he felt the international matches were the true world competition of golf and superseded the Ryder Cup in significance.

Fighting Irks Pro Loop Boss

CLEVELAND (AP) — Commissioner Bert Bell was unhappy about the fighting in Sunday's game between the Cleveland Browns and the Philadelphia Eagles. He has indicated he will clamp down hard if there is any repetition Sunday when the two teams meet again in Philadelphia.

Somebody will get fined for Sunday's fisticuffs, although Bell hasn't said who.

"There will be fines, you can count on that," the National Football League chief said.

Fighting marred most of the game. Although they threw out seven players, the officials seemed unable to control it.

NCAA May Reveal Disciplinary Move

KANSAS CITY (AP) — A number of disciplinary actions may be announced today by the policy directing council of the National Collegiate Athletic Assn.

The council winds up a two-day session this afternoon after making a study of reports from the infractions committee and reviewing legislation adopted at the NCAA's January convention.

2 Parochial Schools Hiked In Ohio Rating

Cleveland Benedictine, Cincy Purcell Move In Behind Warren

COLUMBUS, Ohio (AP) — Two parochial schools, Cleveland Benedictine and Cincinnati Purcell, moved in today behind Warren Harding's pace-setters as big threats to capture Ohio's high school football championship.

Warren, an impressive 41-0 winner over Erie (Pa.) East, clung to the top spot in the weekly Associated Press poll of sports writers. But Benedictine swept unbeaten Massillon aside 13-7 to take the second spot from the Tigers, while Purcell's high-scoring club handed Hamilton's Big Blue its first setback, 28 to 24, to vault from ninth to third.

Massillon and Portsmouth's Trojans were the only top 10 teams defeated last weekend, but both stayed among the elite. Massillon skidded from second to a seventh place tie with defending champion Canton McKinley. Portsmouth, a 14-13 loser to Middletown, dropped from fifth to tenth.

Troy, which last week dropped from eighth to tenth despite a 41-6 win over Sidney, took a far greater tumble this week. Although the Trojans won 7-6 over previously unbeaten Dayton Fairmont, Coach Lou Juillerat's five-game winners (23 straight over the last three years) slipped all the way to 17th place.

Toledo DeVilbiss moved from seventh to fourth with a 20-0 win over Toledo Waite, going around Fremont Ross, which had a tough 13-12 win over Sandusky. Portsmouth, which lost the Middies, and Youngstown South, which had a tough time handing Campbell Memorial its first setback 9-0.

From Here and There: Middletown eased into 11th place after the win over Portsmouth—a game which provided one of the season's big disputes over an official's decision.

The Trojans outgained the Middies 198 to 176 yards on the ground and 116 to 0 in the air, and had a 20-9 edge in first downs.

In the closing minute, after the Trojans moved to the 20 from their own 46, a fourth-down pass to end Bob Copley was completed on the 9. One official said the pass was not good because Copley had a knee on the ground. Portsmouth lodged a protest with the high school commissioner, H. W. Emswiler, on the peculiar interpretation.

Middletown reported that referee Bob Dagenhart ruled Copley trapped the ball. Middletown was given the ball on downs and ran out the clock. Portsmouth's principal said the official apologized after the game for his decision, but Emswiler—in keeping with his long-time policy—said he could take no action relative to an official's ruling.

Springfield, which lost two straight, held Canton McKinley scoreless for three periods before bowing 13-0. The Wildcats have scored only one touchdown in their last three games.

Bill Hess of Northeastern (Clark County) scored on runs of 40, 41, 67, 72 and 80 yards (total 300) in routing Tecumseh 48-0. He has 81 points for the year.

Van Wert ran its streak to 34 without loss in the 41-13 win over Bellefontaine. Halfback Charley Young ran the first kickoff 82 yards to start the one-sided fray, and Van Wert scored once on a 90-yard drive.

Toledo DeVilbiss, Hilton Murphy's fine team, has lost only four games since 1952. In the last 46 games DeVilbiss has allowed only 249 points, just over five per contest—and three of the four defeats were by seven points or less.

Little Rutland has won its last 17 games, and has blanked the foe 161-0 in five victories this year.

Here is how Ohio sports writers rate the state's high school football teams. Shown are first place votes in parentheses, poll points on a 10-9-8 etc basis, the won-lost records and the points scored by and against the Top Ten:

Coach Ignores Grandstand Advice

WASHINGTON (AP)—When a football coach gives in to grandstand quarterbacks, he is no longer coaching but "playing roulette."

Thus reasons Coach Joe Kuharich of the Washington Redskins. "If you don't play it your way, you're guessing—playing roulette," Kuharich said today. "You have to have a policy."

Kuharich's policy is simple: "Once you get inside the other team's 40-yard line, or even 45, you have to go for 3 points or 7. If your best bet is 3, take it."

Ryder Cup Team Selection Method Under Sharp Fire

SAN FRANCISCO (AP) — Sam Snead and Jimmy Demaret, off on an Oriental golf expedition, Snead and Hogan were omitted from the 1957 team because they did not pile up sufficient points in a program based on tournament competition.

"We are picking our teams not on their ability but on the number of tournaments they play in," said Snead.

Demaret said that he and Middlecoff were passed up simply because they did not play in the PGA championship tournament although their records in other tournaments warranted their selection. "And Snead didn't make it because he picked his tournaments," Demaret added, "and he has won more tournaments than any golfer team blindfolded."

Neither Snead nor Demaret chose to delve into personalities in discussing the 1957 Ryder cup team, whose members were Ted Kroll, Jack Burke Jr., Ed Furgol, Tommy Bolt, Lionel Hebert, Art Wall Jr., Dick Mayer, Dow Finsterwald and Doug Ford.

Demaret said he felt the international matches were the true world competition of golf and superseded the Ryder Cup in significance.

32 State Areas OK for Hunting

24 Buckeye Parks Open For Ohio's Nimrods

COLUMBUS, Ohio (AP) — Ohio hunters will be allowed to hunt in 32 state parks or areas this season, the state Department of Natural Resources has announced.

V. W. Flickinger, chief of the Division of Parks, reported 24 state parks will be open to upland game and waterfowl hunters and another eight areas will be open to duck and geese hunting in accordance with state hunting regulations. Last year 23 parks were open to all types of hunting and 11 areas were open to duck and geese shooters.

Several changes from last year were reported at the annual parks hearing.

The Yanks were heavily favored.

Although both Ryder Cup veterans, Snead and Hogan were omitted from the 1957 team because they did not pile up sufficient points in a program based on tournament competition.

"We are picking our teams not on their ability but on the number of tournaments they play in," said Snead.

Demaret said that he and Middlecoff were passed up simply because they did not play in the PGA championship tournament although their records in other tournaments warranted their selection. "And Snead didn't make it because he picked his tournaments," Demaret added, "and he has won more tournaments than any golfer team blindfolded."

Neither Snead nor Demaret chose to delve into personalities in discussing the 1957 Ryder cup team, whose members were Ted Kroll, Jack Burke Jr., Ed Furgol, Tommy Bolt, Lionel Hebert, Art Wall Jr., Dick Mayer, Dow Finsterwald and Doug Ford.

Demaret said he felt the international matches were the true world competition of golf and superseded the Ryder Cup in significance.

Fighting Irks Pro Loop Boss

CLEVELAND (AP) — Commissioner Bert Bell was unhappy about the fighting in Sunday's game between the Cleveland Indians' general manager when he and 12 other club directors discussed renewal of his contract Wednesday.

None of the directors has asked him to step down as supervisor of farm club operations, Hank said. He denied a report that such an approach was made to avoid an open split on the board.

The onetime home run king indicated he will welcome the show-down on a record that has been criticized more than praised by local sports writers.

"Why should the general manager with the third best record in baseball the last eight years resign?" he asked.

Last season was the first since Greenberg became general manager that the ball club did not make money and the first since 1946 that it finished below second. The Indians won a pennant in 1954, but flopped badly in the World Series against the New York Giants.

But newsmen at Monday's weekly press luncheon with Coach Woody Hayes and others had some Indiana statistics before them and the picture looked considerably different. Examples:

Indiana has lost three straight; been outgained 1,307 yards to 301, outscored 172 to 7 and on the ground, managed to lose yardage in two of its games.

Hayes, however, recalled the 1951 Hoosiers, a three-touchdown underdog, beat the Bucks 32-10.

"That can happen anytime in the Big Ten," Hayes said. "And we're taking no chances."

Grid Team Stripped Down to Fundamentals

NEWARK, N. J. (AP) — Newark Academy's football team is down to fundamentals.

The team is stripped for action, school officials report, since a band of thieves broke into a locker room and stole 20 uniforms complete with helmets and shoulder pads over the weekend. The loss is \$800 to \$1,000, the school said.

First choice in over one million homes because of these advantages:

• Dependable . . . Install it—Forget it!

• Automatic . . . Ample hot-water always.

• Extra heavy-gauge steel tank for long life.

• Finest fiber insulation reduces heat loss.

• Calrod "Magic Circle" heating.

AUCTION

FAYETTE CO. FARM - 167.5 Acres
MONDAY, OCT. 21,
ON THE PREMISES AT 1:30 P. M.
THE HAROLD POPE FARM

Located 9 miles northeast of Washington C. H., 2 miles south of Madison Mills, 7 miles north of New Holland, 5 miles east of Bloomingburg on the Post Road, 1 mile east of CCC Highway (Federal Rt. 62) in Madison township, Fayette Co. Ohio.

Improvements—Good modern frame house of 5 rooms (3 rooms and bath down and 2 up) basement with Holland furnace; 2 water pressure systems for well and cistern; 93 gal. elec. water heater; Storm doors and windows. Nice lawn with maple shade trees.

Barn 30x36 (hip roof and large mow) with 36x15 ft. shed attached. Frame garage with cement floor; poultry house and five 400 bu. corn cribs on runners. All buildings in good repair.

This is a nice level farm (not flat) with good tile drainage. Soil is approx. one-third black and two-thirds deep fertile clay in a high state of cultivation having been operated as a livestock farm and properly rotated. Four wells furnish ample water supply at all times. Here is a nice clean fertile farm with good fences and ready to produce. We have quit farming and are selling because of ill health.

Being located in community of good neighbors and close to good markets, schools and churches, this may be the farm you are trying to find.

Sells on premises at 1:30 P. M. Monday, Oct. 21st.
For inspection by appointment call the Auctioneer!

TERMS—\$5,000.00 deposit at time of sale; balance Jan. 2, 1958 at which time warranty deed will be delivered. Possession of barn and fields Jan. 2, 1958 and full possession March 1, 1958. Purchaser may have privilege of fall seeding and plowing. For further particulars contact—

W. O. BUMGARNER, Broker and Auctioneer, Washington C. H. Phone 43753.

Grange Officers Installed with Special Ritual

Marshall Grange Host for County-wide Ceremony at Jeff

The six subordinate Granges, Pomona Grange and two juvenile Granges in Fayette County today are starting another year under the guidance of their new officers.

An impressive mass installation ceremony was held Monday night in Marshall Grange Hall at Jeffersonville, with the state champion degree and drill team conducting the ritual as the new officers took the oath of office.

After the installation, the Pickaway County team, which is made up of representatives of several subordinate Granges, put on its title-winning precision drill.

Jerry Raso, a television performer and a member of the degree and drill team, sang "God Bless America."

Short talks were given by County Deputy Roscoe Whiteside; Frank Dill, master of Fayette County Grange; Charles Cook, master of Pomona Grange; Ralph Nisley, master of Selden Grange, and Mrs. Nisley.

SPECIAL NOTE was made of the installation of Nisley Monday night. This was the second time he had taken the position of master of Selden Grange; the first time was 40 years ago. Several of the Grangers said afterward that some special recognition will be given him later, but they did not elaborate.

Mrs. Charles Shaper, a registered nurse at Memorial Hospital and head of the county's Red Cross blood bank program, explained the many uses made of blood from the blood and emphasized its importance in saving human life and easing human suffering.

The Granges will sponsor the next visit of the bloodmobile to Fayette County in December.

Cookies and coffee were served by Marshall Grangers after the meeting ended.

Most, but not all, of the new officers were at the meeting for the installation.

JUDGE DIRECTS VERDICT

Judge John P. Case has granted a defense motion and has directed the jury hearing the case of C. E. Jcsin, Joslin Tractor Sales, against Bennett O'Day, to find in favor of the defendant.

This is the third time in the past two weeks and the third consecutive case in which Judge Case has directed a verdict.

In the case begun and ended Monday, Judge Case told the jury that the plaintiff had failed to show by preponderent evidence, any right to possession of the tractor and plow he sought to recover from the defendant. The plaintiff had claimed that about \$75 was due him on the unpaid balance secured by a chattel mortgage.

Athens Countian Shot in Scuffle With Constable

ATHENS, Ohio — David Bobo, 65, of Rt. 3, Athens, remains in serious condition at Mount St. Mary's Hospital, Nelsonville, with bullet wounds in the stomach and right hand, the Ohio Highway Patrol said today.

The patrol said Bobo was shot during a scuffle Monday with William Huddy, 41, of Rt. 3, Athens, a Dover Twp. constable and part-time deputy sheriff. Huddy arrested Bobo's son Edward, 29, Saturday on a bad check charge, the patrol said, but he was released on bond by Athens County authorities.

Patrolmen said the father and son are accused by Huddy of beating him up following the son's release. Shortly afterward, the patrol quoted Huddy as saying, the two come to Huddy's home where Huddy, in police uniform, attempted to make an arrest. The scuffle followed.

Commissioners Approve Request For \$18,250 Ditch Improvement

Fayette County commissioners agreed Monday afternoon, following the first hearing on a proposal to repair, deepen, clear and straighten Camp Run and the Jesse Persinger ditch in Jasper Township, to approve the petition and issue bonds for the necessary costs.

County Engineer Charles Wagner reported that 31,600 feet of creek would be improved at an estimated cost of \$18,250.

The action came from a petition filed with the commissioners Aug. 26 from E. L. Fighthorn and Alfred Hagler, requesting that action "necessary to public welfare" be taken on the two ditches beginning at the end of a tile ditch at Ford Rd. emptying into the open section of Camp Run ditch on the Valdo R. McCoy estate to Sugar Creek.

Land owners attending the meeting had been thoroughly briefed on what to expect from the proposed improvement and seemed well

aware of what the project would cost them.

WAGNER reported that a great deal of grubbing would have to be done along the ditches. He estimated that the expense would be from \$2 to \$30 per 100 feet. Wagner pointed out that some recovery could be made by selling timber involved. Individual owners would be charged only for the work done on their land.

Discussing the assessment involved, Wagner estimated that the cost would vary from \$6 to \$15 per acre involved in the watershed served by the ditches. This assessment, County Auditor Harry Allen explained, could be payable over a five-year period.

Wagner said that preliminary estimates indicated that 2,250 acres of land would drain into the ditches.

Wagner also reported that he estimated that 35,000 cubic yards of

Recruitment of professional hospital personnel and sponsorship of students in the field of nursing are the top projects of the association here.

Dr. Byers Shaw, surgeon and member of the hospital staff, spoke to the nurses on the hospital expansion program and operating levy, which will be submitted to the voters at the Nov. 5 election. Both the bond issue proposal for carrying out the expansion program and the request for the operating levy were endorsed by the association.

Mrs. Hugh LaFollette and Mrs. Lee Tracey assisted Mrs. Douds in serving refreshments at the close of the meeting.

Athens Countian Shot in Scuffle With Constable

ATHENS, Ohio (AP)—David Bobo, 65, of Rt. 3, Athens, remains in serious condition at Mount St. Mary's Hospital, Nelsonville, with bullet wounds in the stomach and right hand, the Ohio Highway Patrol said today.

The patrol said Bobo was shot during a scuffle Monday with William Huddy, 41, of Rt. 3, Athens, a Dover Twp. constable and part-time deputy sheriff. Huddy arrested Bobo's son Edward, 29, Saturday on a bad check charge, the patrol said, but he was released on bond by Athens County authorities.

Patrolmen said the father and son are accused by Huddy of beating him up following the son's release. Shortly afterward, the patrol quoted Huddy as saying, the two come to Huddy's home where Huddy, in police uniform, attempted to make an arrest. The scuffle followed.

Alert Girl Thwarts Springfield Detective'

SPRINGFIELD (AP) — Caroline Reese, 17, a clerk in a shoe store here, was credited with thwarting an attempted robbery Monday when a man identifying himself as "Detective Lefay" asked to check the store's money for counterfeit currency.

Miss Reese became suspicious and called her father, Springfield detective Francis Reese, because she knew of no detective named Lefay. The man, who apparently became suspicious while Miss Reese was telephoning, left hastily before police arrived.

JUDGE DIRECTS VERDICT

Judge John P. Case has granted a defense motion and has directed the jury hearing the case of C. E. Jeslin, Joslin Tractor Sales, against Bennett O'Day, to find in favor of the defendant.

This is the third time in the past two weeks and the third consecutive case in which Judge Case has directed a verdict.

In the case begun and ended Monday, Judge Case told the jury that the plaintiff had failed to show by preponderant evidence, a n y right to possession of the tractor and plow he sought to recover from the defendant. The plaintiff had claimed that about \$75 was due him on the unpaid balance secured by a chattel mortgage.

Commissioners Approve Request For \$18,250 Ditch Improvement

Fayette County commissioners agreed Monday afternoon, following the first hearing on a proposal to repair, deepen, clear and straighten Camp Run and the Jesse Persinger ditch in Jasper Township, to approve the petition and issue bonds for the necessary costs.

County Engineer Charles Wagner reported that \$1,600 feet of creek would be improved at an estimated cost of \$18,250.

The action came from a petition filed with the commissioners Aug. 26 from E. L. Fichthorn and Alfred Hagler, requesting that action "necessary to public welfare" be taken on the two ditches beginning at the end of a tile ditch at Ford Rd. emptying into the open section of Camp Run ditch on the Valdo R. McCoy estate to Sugar Creek.

Land owners attending the meeting had been thoroughly briefed on what to expect from the proposed improvement and seemed well

aware of what the project would cost them.

WAGNER reported that a great deal of grubbing would have to be done along the ditches. He estimated that the expense would be from \$2 to \$30 per 100 feet. Wagner pointed out that some recovery could be made by selling timber involved. Individual owners would be charged only for the work done on their land.

Discussing the assessment involved, Wagner estimated that the cost would vary from \$6 to \$15 per acre involved in the watershed served by the ditches. This assessment, County Auditor Harry Allen explained, could be paid over a five-year period.

Wagner said that preliminary estimates indicated that 2,250 acres of land would drain into the ditch.

Wagner also reported that he estimated that 35,000 cubic yards of

dirt would be involved in the improvement.

THE COMMISSIONERS explained to land owners attending the hearing that they will be charged one per cent of the cost involved on their part of the land, to go into a permanent fund for maintenance of the improvement. After that fund reaches 20 per cent of the total cost, the one per cent assessment will be dropped until maintenance on the project would cut the fund below the 20 per cent figure.

At that time the one per cent assessment would again be imposed until the fund again reached 20 per cent. Money in the fund could be used only for the maintenance of that particular project, the commissioners said.

Wagner said that the engineer's office would conduct a yearly survey of the improved area and report any maintenance needs to the commissioners.

ATTENDING the hearing were Jesse Persinger, G. H. Perrill, Willard Perrill, Jean D. Ankrom, Edwin Hidy, Gladys McNeirin, Wilbur D. Hopkes, Rollo Marchant, Alfred Hagler and E. L. Fichthorn.

Land owners affected by this project include Valdo R. McCoy estate, Jesse Persinger, E. L. Fichthorn, Rollo Marchant, Jean Dice Ankrom, Howard B. and Oma McIntosh, Grace Burnett Perrill, Emmett Mickle, Grace Perrill, Grace Elizabeth Perrill, Catherine Clemens, Mary E. Hoppes, Charles Scott, Edwin Hidy, Sam Marting, Dora and J. B. Mark, Ola C. Bush, Kit C. and Bess Rose, Floyd and E. Roberts, Martha Slagle, Harry M. Perrill, Anna Perrill, Harry M. Mark, Clara Belle Reynolds, Horace Wilson et al., Marvin Slagle, Minnie Morris, Maude P. and Richard P. After the glittering ceremony and pageantry of the young monarch's opening of the Canadian Parliament Monday, the Queen's schedule for the last full day of her Canadian visit was crowded with tasks not too different from those usual for her at home in England.

The opening of the convention proper will be highlighted by an address by Ohio's Gov. C. William O'Neill and Dr. C. Oscar Johnson of St. Louis, one of the country's Baptist leaders.

The Ohio Baptist Church has its headquarters at Granville, home of Denison University, a Baptist school, and is a part of the American Baptist Church, which has about a million and a half members, the Rev. Mr. Twining said.

It was also Prince Philip's day turned today to workaday queenly chores, her coronation dress once more packed away for some future storybook occasion.

In London, fashion-conscious Britons noted that the Queen is trotting out some old outfits on her visit to Canada.

One reporter estimated the Queen had saved about \$2,380 by not replacing them.
